

# ...TODAY...

Today, This day!  
How did I get here? Why is it so?  
And is today all I have? Oh! Blow!

Others more wise and stronger too  
Have faltered and fallen down by ties  
So why have you saved me in my demise?  
And the lesson I hear so loud is don't despise  
Start right now, Shake off the strife  
Don't get too proud, and hey! Enjoy this life.

Don't waste a minute,  
Come right now and find that laughter within  
Have some fun, Laugh out loud, You have just  
begun!
