

Random Thoughts

Katherine Gorge

Life is sometimes a tranquil pond then suddenly, we find ourselves being washed over rocks and life is threatened. We take a buffeting like going over a waterfall, only to find ourselves in a smooth backwater where we can pick ourselves up and dry ourselves off and get on with life.

These thoughts are written to display the greatness and beauty of God's creation and give insights into his creative mind. That his mind is higher and greater than ours; it is also the prayer that the reader will experience a deeper and closer relationship with God as the beauty of this world is caught on camera by Bruce and Gwenneth Leane.

In following the Lord whole heartedly, Bruce and Gwenneth have travelled across the Australian continent. It is their desire to share something of their travels, the lessons they have learnt.

This is not a daily devotional but rather to enthrall and involve the reader with the beauty and power and love of the Lord. "Tell me and I forget. Teach me and I remember. Involve me and I LEARN." - Benjamin Franklin, American statesman.

Have a great read and ponder the greatness of a great God.
